

Finding information in an emergency

Mobil has a number of ways to communicate with our neighbours in the event of an incident at the Yarraville Terminal.

From time to time, unusual events like odours, noises, an evacuation or muster of employees, or emergency services attending the terminal, do occur. When this happens, we have a number of ways to communicate with the local community including:

Community Hotline 9286 5112

Anyone can call this number to obtain information about the terminal at any time.

SMS Notification System

Mobil sends a short message about events at the terminal to the mobile phones of people who have registered their details.

Community Telephone Tree

A network of schools, kinders and community organisations close to the terminal that is used to relay important information during an incident.

Media Relations

In the event of a large-impact incident, Mobil will use the mass media, such as radio or television news, to communicate important information to the wider community.

To sign-up to receive SMS messages please obtain a registration form by going to www.exxonmobil.com.au.

Sirens

Community members should be aware that the sirens at the Mobil Yarraville Terminal is sounded to alert on-site personnel only. People in the community do not need to take action in response to the sounding of these sirens.

In the case of an emergency, Police and Emergency Services personnel will direct community members if any action is required.

Sirens – Yarraville

The sirens are an alert for on site personnel only. Should community members have any queries about the sirens, please contact the Gatehouse on 9286 5099.

Test siren

The siren is tested at 8:30am every Thursday. The test lasts approximately five seconds. The siren sounds like an air raid siren, with an undulating pitch.

Σειρήνες - Yarraville

Οι σειρήνες είναι ένας συναγερμός μόνο για το προσωπικό των εγκαταστάσεων. Αν οι κάτοικοι της περιοχής έχουν κάποια ερώτηση για τις σειρήνες, μπορούν να επικοινωνούν με την Πύλη (Gatehouse) στο 9286 5099.

Δοκιμή σειρήνας

Η σειρήνα δοκιμάζεται στις 8:30πμ κάθε Πέμπτη. Η δοκιμή διαρκεί περίπου πέντε δευτερόλεπτα. Η σειρήνα ακούγεται σαν σειρήνα αεροπορικού βομβαρδισμού, με μια εναλλασσόμενη ένταση ήχου.

Sirene a Yarraville

Le sirene sono un allarme solo per il personale del sito. Se i membri della comunità hanno dei problemi a riguardo, sono pregati di rivolgersi per telefono alla "Gatehouse" al 9286 5099.

Prova della sirena

La sirena viene messa in prova alle ore 8.30 am ogni giovedì. La prova dura approssimativamente cinque secondi. Il suono della sirena è simile al suono di un'incursione aerea, con un grado di intensità oscillante.

Siren – Yarraville

Còi hụ chỉ là tín hiệu báo động cho nhân viên. Nếu người dân có thắc mắc về còi hụ, xin liên lạc với Gatehouse qua điện thoại số 9286 5099.

Còi hụ thử

Còi sẽ hụ thử vào mỗi Thứ Năm lúc 8 giờ 30 sáng khoảng chừng 5 giây.

Tiếng còi hụ trầm bổng giống như còi báo động cuộc

Emergency siren

The siren would sound for 45 seconds. During this time emergency services would be called. The siren sounds like an air raid siren, with an undulating pitch.

Σειρήνα κινδύνου

Η σειρήνα θα ηχεί για 45 δευτερόλεπτα. Στη διάρκεια αυτή θα καλέσουν τις υπηρεσίες έκτακτων αναγκών. Η σειρήνα ακούγεται σαν σειρήνα αεροπορικού βομβαρδισμού, με μια εναλλασσόμενη ένταση ήχου.

Sirena di emergenza

La sirena suona per quarantacinque secondi. In questo tempo si chiamano i servizi di emergenza. Il suono della sirena è simile al suono di un'incursione aerea, con un grado di intensità oscillante.

Còi hụ báo động

Còi sẽ hụ liên tục cho 45 giây và liên lạc với dịch vụ cấp cứu trong khoảng thời gian này.

Tiếng còi hụ trầm bổng giống như còi báo động

All Clear

The siren will sound with a continuous pitch for five seconds.

Τέλος συναγερμού

Η σειρήνα ηχεί με μια συνεχόμενη ένταση ήχου για πέντε δευτερόλεπτα.

Cessato allarme

La sirena suona con una grado di intensità costante per cinque secondi.

Bình Yên

Còi sẽ hụ đều tiếng liên tục 5 giây

Residents are invited to contact the Mobil Yarraville Terminal, local Councils or the EPA to communicate any concerns they may have regarding Terminal operations.

Community Bulletin

"These activities have been designed to ignite curiosity in the next generation."

A young Scienceworks visitor demonstrates her puzzle skills to ExxonMobil's Nikki Calcraft.

Spreading a love of engineering

As part of a longstanding partnership with Scienceworks, which is located less than a kilometre from our Yarraville Terminal, we sent a team of Mobil ambassadors to assist with the museum's school holiday program. The program explored the concept, 'What is the work of an engineer.'

With a steady stream of families passing through the doors throughout the autumn school holidays, our ambassadors were kept extremely busy running hands-on activities and answering all manners of questions from budding scientists and engineers.

Nurin Veis, General Manager of Scienceworks, said Mobil's support of the holiday program was invaluable.

"These activities have been designed to ignite curiosity in the next generation around the themes of engineering and science, delivered through interactive workshops, lightning room shows, conducting tours of the collection store, pumping station, as well as activating spot talks led by engineering experts."

With so much interest and engagement with these sessions from young children, we can safely say that interest in STEM (science, technology, engineering and maths) fields remains strong and so too does the future of Australian engineering.

All local residents are invited to our next community meeting on **Wednesday 16 May 2018**.

The meeting begins at **5pm** sharp and ends around **6pm**. Light refreshments will be served.

The meeting will be held at the Yarraville Terminal.

Please enter through the main reception on Francis St. Parking is available outside the terminal in Francis St.

For more information about the meeting, call Nikki Calcraft, Community Relations Adviser, on **9261 0834**.

About the Community Liaison Committee

The Community Liaison Committee is made up of interested members of the Yarraville community, representatives from Hobsons Bay and Maribyrnong City Councils, the Environment Protection Authority Victoria and Mobil Yarraville Terminal.

The finale, Mobil Night at the Opera.

Falling in love with opera

On November 29, Mobil took a large step forward in its quest to bring the magnificence of opera to a wide audience, with a spectacular Mobil Night at the Opera in the Williamstown Town Hall.

The free concert, presented in conjunction with Opera Australia, Orchestra Victoria and Hobsons Bay Council, featured some of the most recognisable and cherished arias from Puccini, Verdi, Bizet and Rossini, including the heart-rending O mio babbino caro, the joyful Brindisi and the rousing, crowd favourite, Nessun Dorma.

We have a long history of promoting opera to a wider audience in this country. For over three decades we have been working with Opera Australia on this endeavour.

This year, we are working together to fill the Williamstown Town Hall with school children to give them a wonderful taste of world-class opera. For many, this will be the first time they have experienced live singing of this standard.

Australia and New Zealand Refining Manager Riccardo Cavallo said that Mobil was very proud of its long-standing relationship with the Opera Australia.

"My wish for people who are experiencing their first time at the opera is that you fall in love with it and discover the passion behind it as I did," he said.

"This is our way of saying thank you to our community."

The Mayor of Hobsons Bay City Council, Councillor Angela Altair, said that the local community always looked forward to The Mobil Night at the Opera.

"This is such a well-loved event for so many of our community members with a rich love of the arts, like myself," she said.

"These kinds of events play a substantial role in bringing people together in our community and we are proud to offer these experiences in our city."

"This is our way of saying thank you to our community."

Kids keep pace with Daniel Ricciardo

In the lead up to the 2018 Australian Grand Prix in Melbourne, Mobil held an exclusive event at the Go Kart Club Victoria circuit with Aston Martin Red Bull Racing's Daniel Ricciardo and Australia's 2018 Grid Kids to help inspire the next generation of local racing champions.

As part of a press conference where kids played the role of journalists, Daniel shared his goals and aspirations for the season, talked to the Grid Kids about the importance of teamwork and quality fuel and design. This led to a discussion about the science behind Mobil fuels and lubricants and their role in Formula 1 racing.

The Grid Kids also participated in a time challenge race against Ricciardo whose Kart was awarded to ten-year-old Cadel Ambrose who recorded the fastest time... after Daniel of course. Mobil wishes Daniel the best of luck for the rest of the Formula 1 season.

Daniel Ricciardo warms up for a race against 10 emerging young racing stars at the Go Kart Club Victoria circuit in Port Melbourne

Mobil Chat

by Michael Singh
Yarraville Terminal Manager

2018 is shaping up to be a year of exciting progress at the Yarraville Terminal with the upcoming completion of two major projects which will support Yarraville terminal's important role in Victoria's fuel supply chain.

One of these projects is the Yarraville Jet Fuel Pipeline Project, which commenced in early 2016 and consists of a new 2.6 kilometre pipeline that will connect Yarraville terminal to the Somerton pipeline, which transfers jet fuel to Melbourne Airport. This will help Mobil to meet the ever-increasing demand for jet fuel at Melbourne airport.

I'd like to take this opportunity to thank any of our neighbours who may have been impacted by this pipeline's construction for your patience while we completed these important works which will increase the reliability of Mobil's supply of jet fuel to Melbourne Airport.

Another major project that is set for completion is the construction of our two new fuel storage tanks which began in November 2016.

These new tanks will increase our capacity for jet fuel and unleaded fuel storage and will help us meet Victoria's growing demand for transportation fuels. It's an exciting time at Yarraville and we look forward to sharing updates from new projects and community initiatives in the near-future.

Making a difference in the community with iPads

The South Kingsville Community Centre is a hive of activity throughout the week, especially Saturdays when their amazing team run the Saturday Disability Respite program. Catered towards children aged between 5 and 18, the program encourages participation and socialisation with regular outings.

To assist the team in engaging the children with the programs, Mobil made a donation of three iPads which fulfil a variety of special communication, sensory and educational purposes during the Saturday activities.

Yarraville Terminal Manager Michael Singh said he was pleased that his team could assist such a worthwhile cause. "All children deserve to enjoy themselves, learn and socialise regardless of their circumstances and we are so happy to be able to help South Kingsville Community Centre with this donation," said Michael.

For more information on the South Kingsville Community Centre and its programs visit <http://skcc.net.au/>

"All children deserve to enjoy themselves, learn and socialise."
